

Amarillo

**Habitat for Humanity®**

**Spring 2025**

# NEWSLETTER

The Idris family, originally from Sudan, has found immense joy and gratitude in their new life in the United States. They consider themselves incredibly lucky to call the USA home and are deeply appreciative of the opportunity that has come their way. Their journey to homeownership, thanks to the Habitat for Humanity program, has been a long one, but the patience and hard work required along the way have made the achievement all the more meaningful. Through the Habitat for Humanity program, the Idris family has not only received the support needed to build a stable home but has also embraced the chance to give back to the Amarillo community.

## THE IDRIS FAMILY

Our current build is the first of six Habitat homes being built on the 1100 Block of North Monroe. This home will be complete and ready for it's new family by summer of 2025!

The Administration office will be closed May 26, 2025

## A NOTE FROM OUR EXECUTIVE DIRECTOR

**ALASON MOORHEAD**

After years of work in the Barrio neighborhood, Amarillo Habitat for Humanity is returning to the North Heights neighborhood—the area where our mission first took root. It has been almost 15 years since we last built in this community and we are dedicated to, once again, bring our efforts to help revitalize this area.

North Heights, historically overlooked and under-resourced, has long faced significant barriers to homeownership and new development. The area is characterized by an aging housing stock, with many homes in disrepair.

The lack of new construction has only deepened the challenge for families seeking stable, affordable homeownership. We hope Amarillo Habitat's return to North Heights highlights our commitment to creating lasting change by providing affordable homeownership opportunities to those who need it most. With the continued support of donors, volunteers, and the community, our new builds are poised to make a profound impact for years to come.

We're excited to spotlight four incredible women who are well on their way to achieving their dream of homeownership! Having successfully completed their Financial Literacy courses, they are now rolling up their sleeves and putting in their sweat equity hours. Let's cheer them on as they continue this inspiring journey toward a brighter future and a place to call their own!

**Saturday - April 26, 2025**

Check in begins at 8:00am. Tournament begins at 9:00am  
Amarillo National Tennis Center  
5000 Bell St, Amarillo, TX 79109

Sign Up at: [bit.ly/ahfh3pickleball](https://bit.ly/ahfh3pickleball)

# COLLEGIATE CHALLENGE

Volunteers from Wilkes University braved the Amarillo wind during their visit and completed 213 volunteer hours by working on our job site and lending a helping hand at our Restore!

↶ Wilkes University  
Wilkes-Barre, Pennsylvania  
March 2 - March 8

Fort Hays State University  
Hays, Kansas ↷  
March 17 - March 22

Volunteers from Fort Hays State University joined our construction crew to help frame our current build on North Monroe. By working at both our jobsite and our Restore, this group generated 250 volunteer hours for Amarillo Habitat for Humanity!

Collegiate Challenge offers an alternative spring break option allowing students to provide meaningful service and community impact by volunteering with Habitat for Humanity offices across the country.

Thank you for your business!

## RESTORE PROMOTIONS

**Spencer Craft**  
Manager

**Ashley Coone**  
Assistant Manager

The Amarillo Habitat for Humanity ReStore offers the community a place to shop for new or gently used items at a significant discount from traditional retailers. Proceeds from the ReStore go toward furthering our mission to provide safe, affordable housing for families in Amarillo!
