Volunteer Spotlight

BSA Health System

A huge thanks to the amazing team at BSA Health System for volunteering with us over two Saturdays! From caulking and painting to cleaning up debris around the jobsite, the BSA crew showed up ready to help wherever they were needed. Their hard work made a real impact, moving us one step closer to getting families into safe, affordable homes. We're so thankful for their time, energy, and willingness to roll up their sleeves to support our community. BSA truly shows what it means to care, both on and off the job.

MEET THE STAFF

Corrina

If you've called the administration office, or the Restore lately, chances are you've spoken to Corrina! Serving in the role of receptionist since 2024, Corrina handles an array of administrative tasks, including scheduling our Restore pick-ups! When she isn't at Habitat, Corrina is likely spending time with her partner, David, and their feisty Chihuahua mix, Chico, listening to music and practicing the keyboard, going on long drives, enjoying the outdoors, or getting lost in a good book! A native of North Carolina, Corrina has called Texas home since 2009.

Interested in volunteering on our jobsite? We offer several opportunities, from workplace team-building events, to individuals that just want to help make a difference!

For more information call (806) 383-3456 or reach out to Mattie at mattie.anthony@amahfh.org

Ever wonder HOW Habitat families earn their incredible 0% interest mortgage rate? It's no easy feat! Each partner (after qualifying for our program during open application period) attends 30 financial literacy courses, saves for a \$2,000 down-payment AND works 150 hours of volunteer time helping to build the homes of their neighbors!

DONOR SPOTLIGHT

Betenbough Homes

We're honored to recognize Betenbough Homes for their incredible generosity. They donated \$15,000 toward our mission, and they didn't stop there. Their team also volunteered time on the jobsite. They brought energy, skill, and heart to the site. Betenbough doesn't just build homes, they invest in people, neighborhoods, and stronger communities.
